

# Blyth Valley Radio Model Club

## COVID 19 SAFETY RULES

---

1. All persons to maintain a distance of at least 2 metres from another person in car park, pits & pilot boxes (unless they are from your own household)
2. Wear gloves or use hand sanitiser when touching the entrance gate/lock, cabin door and club equipment.
3. Only three persons allowed in the pilot box at any one time (minimum 2m away from each other)
4. No sharing of model flying equipment or aircraft (unless they are from your own household)
5. During training the instructor and student have to maintain a distance of at least 2 metres from each other no matter if using a buddy lead or wireless connection.
6. Hand sanitiser should be considered an essential item in every model aircraft flyers flight box.
7. The club cabin is not to be used except by club committee and groundsman.
8. Anyone displaying symptoms of COVID 19, or who shares a household with any individual displaying symptoms. Must not fly and should stay at home to maintain social isolation in accordance with government advice.
9. The above rules are additional to our club safety rules and may be changed at short notice as the situation changes.
